- **Wash hands thoroughly with mild soap and water after playing.**

• ***Rinse and dry charms thoroughly after revealing from surprise component.**

(1) SAND:

- Squish sand in your hands to reveal a charm and a surprise color.
- Fold the sand into itself to spread the color.
- When finished playing, store your sand back into the ball to maintain freshness.
- Squish the sand in your hands to soften again if needed; **DO NOT add water.**
- If colored sand stains the table or surface, clean with soap and water.

(2) BUBBLES:

- It is not recommended to use the dolls in dissolved bubbles due to possible color transfer.
- Please remove shrinkwrap before putting it into water.
- Avoid touching water until bubbles have fully dissolved, as it may temporarily color your hands.
- Avoid contact with eyes. In case of eye contact, rinse with water thoroughly. If eye irritation persists, seek medical attention.
- After bubbles dissolve, use a damp cloth to wipe down the bowl of any residual material remaining. Discard excess material in a trash can; do not pour down the drain.

(3) GEL CRUSH:

- Remove the shrinkwrap around the gel and crush the gel with your hands immediately after unwrapping it. Avoid leaving the gel out for a long period of time.
- Gel may not be removed from all surfaces. Keep away from fabric, furniture and other surfaces.
- **When finished playing, throw away material and debris in a trash can. Do not dispose in the sink or drain.**

(4) SMASH:

- Place the ball on a flat surface and smash your hand down on the ball.
- **When finished playing, throw away material and debris in a trash can. Do not dispose in the sink or drain.**
